EMERGENCY MEDICAL SERVICES & MORTUARY PRICE SHEET EFFECTIVE MAY 2019

Preventative Maintenance (PM) includes: Cleaning, Inspection, Lubrication, Hardware tightening and replacement, alignment adjustments, reveals needed repairs, detects potential problems, reveals improper usage and provides a documented history of Preventive Maintenance.

EMSAR is factory authorized & trained by both Ferno-Washington and Stryker Corporation to perform maintenance and repairs on their respective EMS products. We maintain numerous items in stock on our trucks. Each PM receives a standard equipment report which identifies the cot condition and items in need of repair, if applicable.

- Stair chair, Scoop stretcher & Church truck PM - \$45.00 per piece of equipment.
- Manual Cots & 101-H Tables - \$89.00 per piece of equipment.
- Power Cots - \$125.00 per piece of equipment.
- Stryker Power Load and Ferno ICS system - \$155.00 per piece of equipment

Travel Charge - \$50.00 per hour, minimum of one hour charge - maximum travel charge is \$275.00 per customer (use the "fastest" travel on google maps to determine travel time). Travel charge after the first hour will be rounded up and charged in 15 minute intervals.

No trip charge assessed for 4 or more manual cots, 4 or more 101-H Tables or 3 or more power cots within 75 miles of travel from Service Technician's home base.

Large services with 10 or more cots may be granted a discount on travel.

If parts are required, we charge for parts plus \$90.00 an hour for labor on all equipment excluding Stryker Power Load and Ferno iN/X. On-Demand Service is charged straight time at \$90.00 an hour with a travel charge assessed excluding Stryker Power Load and Ferno ICS.

Labor Charge for Stryker Power Load and Ferno ICS is \$150.00 per hour.

We encourage you to properly maintain all of your equipment. Reduce the likelihood of malfunctions and insure proper working order of your cot(s) with regular scheduled inspections and maintenance by an EMSAR service professional. Please call 888-805-1809 to schedule an appointment at your convenience.
